22nd Pan-Hellenic Conference on Informatics (PCI) with International Participation

The Greek Computer Society (GCS/ΕΠΥ) and the Department of Informatics & Computer Engineering of the University of West Attica organise the 22nd Pan-Hellenic Conference on Informatics (PCI 2018) in Athens, Greece, on November 29th - December 1st, 2018.

PCI 2018 aims to provide an **effective channel of communication** among researchers (universities, research and development centres, start-up centres and incubators), practitioners (SME leaders and managers), decision-makers (government, ministries and state agencies) and entities concerned with the latest **research, scientific development and practice** on ICT in order to discuss current, state-of-the-art topics that are of relevance and significance for national competitiveness as well as for sustainable, robust and equitable regional development.

PCI 2018 will be organised in **four tracks**: the research papers track, the research projects results track, the special sessions track and a track dedicated to national, large scale R&D infrastructure. PCI encourages the submission of high quality papers describing original and unpublished results of conceptual, empirical, experimental, or theoretical work in all areas of Computer Science.
